

## HEAT EXCHANGERS / CONDENSERS

---

Mersen: [www.mersen.com/products/anticorrosion-equipment](http://www.mersen.com/products/anticorrosion-equipment)

- Cubic and Cylindrical Block – graphite, SiC
- S&T – graphite, SiC, tantalum, zirconium, titanium, nickel alloys
- Annular Groove – graphite
- Plate and Frame – SiC
- Coil / Bayonet - tantalum

Johnstone Company: [www.johnstonecompany.com](http://www.johnstonecompany.com)

- S&T - Industrial Grade – carbon steel, stainless steel, duplex

Enerquip: [www.enerquip.com](http://www.enerquip.com)

- S&T - Pharmaceutical Grade – 304L, 316L, duplex, AL6XN

Kelvion: [www.kelvion.com](http://www.kelvion.com)

- Plate & Frame – gasketed, brazed, welded

## TANKS / COLUMNS / VESSELS / TANK CLEANING

---

Gilbert Industries: [www.gilbertindustries.com](http://www.gilbertindustries.com)

- Field erected tanks – up to 2,000,000 GALLONS
- Shop fabricated tanks – 10 to 40,000 GALLONS
- ASME vessels
- All 300 stainless steel, alloys, duplex stainless, carbon steel

Houston PolyTank: [houstonpolytank.com](http://houstonpolytank.com)

- Cylindrical – extrusion wound – 50 to 50,000GAL
- Rectangular – molded – up to 18,000GAL
- Wall thicknesses – ½" to 6"
- High density linear polyethylene (HDLPE) - up to 120 deg F
- Polypropylene - high temperature applications 180 – 200 deg F

Mersen: [www.mersen.com/products/anticorrosion-equipment](http://www.mersen.com/products/anticorrosion-equipment)

- Columns – PTFE / PFA lined, graphite, tantalum, zirconium, titanium, nickel alloys

Johnstone Company: [www.johnstonecompany.com](http://www.johnstonecompany.com)

- Columns and Custom Fabrications – carbon steel, stainless steel

Flowtrend: [www.flowtrend.com](http://www.flowtrend.com)

- Tank Cleaning Heads - rotary spray and rotary jet

## MIST ELIMINATION / COALESCING

---

Koch-Glitsch: [www.koch-glitsch.com/Products/Mist-Elimination/?productcategory=Mist-Elimination](http://www.koch-glitsch.com/Products/Mist-Elimination/?productcategory=Mist-Elimination)

- Mist Eliminators
- Inlet Devices
- Liquid - Liquid Coalescers

## PROCESS TECHNOLOGIES

---

Tempest Engineering: [www.tempest-eng.com](http://www.tempest-eng.com)

- Low to Ultra-Low Temperature Industrial Chillers (-100F)
- Single or Multiple Zone TCUs
- Explosion Proof: Class 1, Division 2 Chillers & TCUs

Mersen: [www.mersen.com/products/anticorrosion-equipment](http://www.mersen.com/products/anticorrosion-equipment)

- HCl, HBr - absorption, synthesis & recovery, dilution, concentration, distillation, gas drying, scrubbing
- Cl<sub>2</sub> – stripping, gas drying, condensing
- H<sub>2</sub>SO<sub>4</sub> – concentration, dilution

Vee Interests: [www.veeinterests.com](http://www.veeinterests.com)

- Skid mounted fume scrubbers (venturi, absorption bed, packed column) – 120 up to 30,000CFM
- Skid mounted water treatment packages – desalination, electro purification, chemical injection, activated carbon

*See reverse for more info*

## PIPING / ACCESSORIES

---

Mersen: [www.mersen.com/products/anticorrosion-equipment](http://www.mersen.com/products/anticorrosion-equipment)

- PTFE /PFA – lined pipe and components, bellows
- Graphite – rupture discs, fiber wrapped tubing, rasching rings
- Tantalum – dip pipes, hardware

RAMCO Manufacturing: [www.ramco-safetyshields.com](http://www.ramco-safetyshields.com)

- Spray Out Prevention Safety Shields (flanges, valves, fittings) – standard and custom sizes
- Coated U-bolts and Pipe Hangers
- Flange Isolation Gasket Kits - cathodic protection of flanges and piping systems

Vee Interests: [www.veeinterests.com](http://www.veeinterests.com)

- ECTFE, PVC, CPVC, Polypro, Polyethylene, PVDF, PTFE
- Custom machined parts
- Nozzles, dip tubes & spargers, vent plugs, spacers, basket filters

Miami Valley Gasket: [www.miamivalleygasket.com](http://www.miamivalleygasket.com)

- Non-asbestos & Mechanical Packing
- Spiral Wound Gaskets & Molded Items
- Boiler & Flange Gaskets
- Rubber & Sponge, Felt & Fibers, Plastics & Cork
- Belting / Matting / EMI/RFI Shielding
